INFORMATION REGARDING HOME DELIVERY OF KAWASAKI PRODUCTS:

In light of stay-at-home orders, travel restrictions, and social distancing recommendations in response to the COVID-19 pandemic, participating dealers are now able to deliver Kawasaki products directly to your home or business. Our goal is to help facilitate purchases of Kawasaki products by those who cannot or may not wish to visit a dealership. These products include (but are not limited to) vehicles, parts, and accessories.

We are committed to providing a first-rate experience for vehicle deliveries, replicating as closely as possible the delivery experience at a dealership. This means that vehicle inspections will be performed at the dealership prior to delivery, and all required delivery checklists will be completed in your presence. Your vehicle will be delivered by trained dealership personnel who can provide a thorough briefing on vehicle operation, maintenance, and safety information, and not by third-party delivery services or common carriers.

Parts and accessories will be delivered via third-party services or common carriers. Delivery for parts and accessories ends **December 31, 2020**, and other limitations may apply.

Due to variations in-state and local stay-at-home orders, home delivery of vehicles may be unavailable in some areas. Accordingly, please contact your local dealer for additional information and to confirm that they are able to offer home delivery.
