

New Model Press Release

October 11, 2018

DO NOT RELEASE BEFORE OCTOBER 11, 2018

2019 KAWASAKI MULE™

MULE SX™ GETS FUEL INJECTED MODELS AND MULE PRO DIESEL RETURNS

Select models from the 2019 Kawasaki MULE SX™ family of side x side vehicles are now available with digital fuel injection, making the compact, capable vehicles even more user-friendly. In 2019 all MULE SX models include the winter kit standard, which facilitates starting in colder conditions. Also the MSRP for 2019 non-fuel injected MULE SX models have been reduced.

The compact MULE SX takes many of the same styling cues from its sibling the MULE PRO line of side x sides. The MULE SX, like all MULE™ products, are built Kawasaki STRONG. This durable workhorse easily fits in the bed of a full-size pickup truck for easy transport. The MULE SX side x side is available in six configurations (four featuring fuel injection), starting with the standard SX two-wheel-drive model up to the XC options.

Rounding out the MULE PRO family for 2019 are the diesel-powered MULE PRO-DX™ and MULE PRO-DXT™ line of side x sides. The MULE PRO diesel-powered series is perfect for any ranch, jobsite, farm or fleet. Designed to work hard, the 3-passenger MULE PRO-DX line comes equipped with the largest cargo bed in its class, while the MULE PRO-DXT features a class-exclusive three- to six-passenger Trans Cab™ system that quickly converts the vehicle from single-row to double-row seating. To top it off, all Kawasaki side x sides are confidently backed by the Kawasaki STRONG 3-Year Limited Warranty.

ABOUT KAWASAKI

Kawasaki Heavy Industries, Ltd. (KHI) started full-scale production of motorcycles over a half century ago. The first Kawasaki motorcycle engine was designed based on technical know-how garnered from the development and production of aircraft engines, and Kawasaki's entry into the motorcycle industry was driven by the company's constant effort to develop new technologies. Numerous new Kawasaki models introduced over the years have helped shape the market, and in the process have created enduring legends based on their unique engineering, power, design and riding pleasure. In the future, Kawasaki's commitment to maintaining and furthering these strengths will surely give birth to new legends.

Kawasaki Motors Corp., U.S.A. (KMC) markets and distributes Kawasaki motorcycles, ATVs, side x sides, and Jet Ski® watercraft through a network of approximately 1,100 independent retailers, with close to an additional 7,700 retailers specializing in general purpose engines. KMC and its affiliates employ nearly 3,100 people in the United States, with approximately 260 of them located at KMC's Foothill Ranch, California headquarters.

Kawasaki's tagline, "Let the good times roll.®", is recognized worldwide. The Kawasaki brand is synonymous with powerful, stylish and category-leading vehicles. Information about Kawasaki's complete line of powersports products and Kawasaki affiliates can be found on the Internet at www.kawasaki.com.
