

Fuel Evaporative System(CA)

Let the Good Times Roll®

Diagram illustrating the fuel tank and electrical equipment assembly. The fuel tank is shown with a "FRONT" arrow indicating orientation. The assembly includes the following components and connections:

- Ref. Fuel Tank**: The main fuel storage component.
- Ref. Chassis Electrical Equipment**: The electrical control unit.
- 92037**: A small component (likely a plug or cap) located near the fuel tank's base.
- 92173**: A component (likely a plug or cap) located near the electrical equipment.
- 92192**: A long, flexible hose or cable connecting the fuel tank area to the electrical equipment.
- 92005**: A component (likely a plug or cap) located near the electrical equipment.
- 92192D**: A component (likely a plug or cap) located near the electrical equipment.
- 92037**: A small component (likely a plug or cap) located near the electrical equipment.
- A**: A circular component (likely a plug or cap) located near the electrical equipment.
