

Oil Pump

Let the Good Times Roll®

This diagram illustrates the assembly of the engine cover. Key components and their installation points are labeled:

- 92059**: A long bolt used to secure the flame arrester to the engine cover.
- 92037**: A lock washer used in conjunction with the bolt 92059.
- Ref. Flame Arrester**: The flame arrester assembly, which includes a mounting bracket and a protective plate.
- 92055**: A gasket or seal ring that fits between the flame arrester and the engine cover.
- Ref. Engine Cover**: The main engine cover being assembled.
- 92015**: A small bolt used to secure the front of the engine cover.
- 16082**: A small bolt used to secure the front of the engine cover.
- FRONT**: An arrow indicating the front orientation of the engine cover.

1989 Jet Mate
