Let the Good Times Roll®

Exploded view diagram of a cylinder head assembly. The diagram shows the following components and their assembly relationships:

- Ref. Cylinder Head**: The central component being assembled.
- 12020**: A long cylindrical component, shown in two positions (top and bottom).
- 92210**: A small cylindrical component, shown in two positions.
- 92009**: A small cylindrical component, shown in two positions.
- 12016**: A bracket-like component, shown in two positions.
- 12011**: A small rectangular component, shown in two positions.
- 12009**: A small cylindrical component, shown in two positions.
- 49078**: A coiled spring, shown in two positions.
- 16007**: A small cylindrical component, shown in two positions.
- 92049**: A small cylindrical component, shown in two positions.
- Ref. Cylinder Head**: A second reference cylinder head is shown on the right side.
- 12004**: A long cylindrical component with a flange, shown in two positions.
- 12005**: A long cylindrical component with a flange, shown in two positions.
- 32085**: A bracket-like component, shown in two positions.
- 92172**: A small cylindrical component, shown in two positions.
- Letter A**: Indicates the assembly point for the top bracket (12016) and the top cylindrical component (12020).
- Letter B**: Indicates the assembly point for the bottom bracket (12016) and the bottom cylindrical component (12020).
