Let the Good Times Roll®

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component. The main assembly is shown in the center, with various sub-components and fasteners labeled with part numbers. The components are arranged in a way that shows their relative positions and how they fit together.

Key Components and Part Numbers:

- 41009:** The main cylindrical housing or pump body.
- 41025:** A flange or coupling ring.
- 41036:** A mounting bracket or flange.
- 16126:** A small pin or fastener.
- 92210A:** A small circular component, possibly a seal or gasket.
- 92043:** A small pin or fastener.
- 11065:** A small cylindrical component, possibly a nut or washer.
- 92210:** A small circular component, possibly a seal or gasket.
- 41080:** A circular component with a central hole, possibly a cover or flange.
- 49030:** A small component, possibly a pin or fastener.
- 92154:** A small component, possibly a pin or fastener.
- 92154B:** A small component, possibly a pin or fastener.
- 43041:** A small component, possibly a pin or fastener.
- 92066:** A small component, possibly a pin or fastener.
- 43057:** A small component, possibly a pin or fastener.
- 43056:** A small component, possibly a pin or fastener.
- 43044:** A small component, possibly a pin or fastener.
- 49006:** A small component, possibly a pin or fastener.
- 92093:** A small component, possibly a pin or fastener.
- 43020:** A small component, possibly a pin or fastener.
- 92093A:** A small component, possibly a pin or fastener.
- 92161:** A small component, possibly a pin or fastener.
- 92154A:** A small component, possibly a pin or fastener.
- 13320:** A small component, possibly a pin or fastener.

The diagram shows the assembly of these components into a complete unit. The main housing (41009) is shown with the flange (41025) and mounting bracket (41036) attached. The various fasteners and small components are shown in their respective positions relative to the main assembly.
