Let the Good Times Roll®

This diagram illustrates the assembly of a mechanical component, likely a valve or actuator, showing the relationship between various parts. The main components and their sub-assemblies are labeled as follows:

- 41009**: The main cylindrical body or housing.
- 41025/A**: A threaded component that fits into the main body.
- 41036/A**: A sub-assembly containing several small fasteners (92093, 92152A, 92045A, 92153) and a larger component (92045).
- 41047**: A sub-assembly containing a C-clip (92145) and a ring (41035A).
- 41050**: A component that interfaces with the main body and the 41035A sub-assembly.
- 21083** and **21083A**: Lever or handle components.
- 92145A** and **92153A**: Small pins or fasteners used in the lever assembly.
- 11065**: A small, possibly decorative or protective, cap or plug.
- 92200**, **92210**, and **92152**: Small circular or disc-like components.
- 16126**: A small pin or fastener used in the threaded component assembly.

The diagram shows how these parts are assembled together, with arrows indicating the direction of assembly and the relative positions of the components.
