

PARTS DIAGRAM

Fuel Evaporative System(CA)

Let the Good Times Roll®

Exploded view diagram of the fuel system assembly. The diagram shows the following components and their assembly points:

- Ref. Fuel Tank**: The main fuel storage component.
- 92037**: Multiple fasteners (nuts or bolts) used to secure the fuel lines and other components.
- 92192**: Fuel lines connecting the tank to the pump and filter.
- 92192A**: A specific section of the fuel line.
- 16126**: Fuel pump assembly.
- 92015**: A component, possibly a filter or check valve, located between the pump and the tank.
- 130**: A bracket or support component for the pump and filter assembly.
- 92072**: A component, possibly a filter or check valve, located between the pump and the tank.
- 16164**: A component, possibly a filter or check valve, located between the pump and the tank.
- 92075**: A circular component, possibly a filter or check valve, located between the pump and the tank.
- 11056**: A component, possibly a filter or check valve, located between the pump and the tank.
- Ref. Frame**: The vehicle frame, showing the mounting points for the fuel system components.

The diagram also includes a **FRONT** arrow indicating the orientation of the assembly.
