

Fuel Evaporative System(CA)

Let the Good Times Roll®

Diagram illustrating the rear seat assembly and its connection to the chassis electrical equipment.

The diagram shows the rear seat assembly (Ref. Fuel Tank) and the chassis electrical equipment (Ref. Chassis Electrical Equipment).

The rear seat assembly is labeled with "FRONT" and "Ref. Fuel Tank".

The chassis electrical equipment is labeled with "Ref. Chassis Electrical Equipment".

The diagram shows the following components and connections:

- 92037: A small component (likely a fuse or relay) connected to the rear seat assembly.
- 92192: A cable or hose connecting the rear seat assembly to the chassis electrical equipment.
- 92173: A component (likely a fuse or relay) connected to the chassis electrical equipment.
- 92192D: A cable or hose connecting the chassis electrical equipment to the chassis electrical equipment.
- 92005: A component (likely a fuse or relay) connected to the chassis electrical equipment.
- 92037: A small component (likely a fuse or relay) connected to the chassis electrical equipment.
- (A): A circular component (likely a fuse or relay) connected to the chassis electrical equipment.
