Let the Good Times Roll®

This diagram illustrates the exploded view of a mechanical assembly, likely a suspension component. A black arrow in the upper left corner points to the left and is labeled "FRONT". The assembly consists of numerous parts, each identified by a numerical callout. Key components include:

- 13116**: Long, thin rods or shafts.
- 12032**: Small cylindrical pins or bushings.
- 12044**: A large, circular gear or sprocket.
- 92210** and **92009**: Small fasteners, possibly screws or bolts.
- 12016**: A bracket or housing component.
- 480**: A small ring or washer.
- 12011**: Small cylindrical spacers or bushings.
- 12009**: A large, coiled spring.
- 49078**: A smaller, coiled spring.
- 39108**: A ring or washer.
- 92049**: A small cylindrical pin or bushing.
- 12004**: A long, thin rod or shaft.
- 12005**: A long, thin rod or shaft.
- 12020**: A cylindrical component, possibly a piston or a bushing.

 The parts are arranged in an exploded manner to show their relative positions and how they fit together. The diagram is a technical line drawing with no shading or color.
