Let the Good Times Roll®

Exploded view diagram of a vehicle door latch assembly. The diagram shows the following components and their assembly relationships:

- 92172**: Bolt for the handle.
- 92152C**: Nut for the handle.
- 46075**: Door handle.
- 92154**: Bolt for the latch body.
- 92152**: Nut for the latch body.
- 56030**: Latch body.
- 13070**: Latch body.
- 13236**: Latch arm.
- 92152B**: Pin for the latch arm.
- 92028**: Pin for the latch arm.
- 411**: Pin for the latch arm.
- 554**: Pin for the latch arm.
- 92043**: Pin for the latch arm.
- 92145**: Spring for the latch arm.
- 92026**: Pin for the latch arm.
- 92015**: Bolt for the latch arm.
- 21083**: Pin for the latch arm.
- 92152A**: Pin for the latch arm.
- 92028**: Pin for the latch arm.
- 130**: Pin for the latch arm.
- 92028**: Pin for the latch arm.
- 130A**: Pin for the latch arm.
- 11057**: Latch body.
- 92154A**: Bolt for the latch body.
- 92152D**: Nut for the latch body.
- 54010**: Cable for the latch arm.

Assembly instructions:

- Install the handle (46075) onto the latch body (56030) using bolt (92172) and nut (92152C).
- Install the latch body (13070) onto the door using bolt (92154) and nut (92152).
- Install the latch arm (13236) onto the latch body (13070) using pin (92152B), pin (92028), pin (411), pin (554), pin (92043), and spring (92145).
- Install the cable (54010) onto the latch arm (13236) using pin (92026).
- Install the latch arm (13236) onto the latch body (13070) using pin (92015), pin (21083), pin (92152A), pin (92028), and pin (130).
- Install the latch body (11057) onto the door using bolt (92154A) and nut (92152D).
