

Fuel Evaporative System(CA)

Let the Good Times Roll®

Exploded view diagram of the fuel system assembly. The diagram shows the following components and their assembly relationships:

- Ref. Fuel Tank**: The main fuel storage component at the top left.
- Ref. Frame**: The structural component on the right side.
- Ref. Cowling**: The protective cover at the bottom left.
- 92192B**: A hose connecting the fuel tank to the frame area.
- 92037**: Multiple hose clamps used to secure the hoses.
- 92173**: A small connector or fitting.
- 92005A**: A hose or connector fitting.
- 92170**: Multiple hose clamps used throughout the assembly.
- 92192**: A small cylindrical component.
- 130**: A small bolt or screw.
- 11057**: A bracket or support component.
- 92192D**: A hose connecting the fuel tank to the main fuel line.
- 16126**: A component, possibly a filter or valve, connected to the fuel line.
- 92072**: A component, possibly a filter or valve, connected to the fuel line.
- 16164**: A component, possibly a filter or valve, connected to the fuel line.
- 92192E**: A small cylindrical component.
- 92192C**: A long hose connecting the fuel line to the cowling area.
- 92005**: A hose or connector fitting.
- 92192A**: A hose connecting the fuel line to the cowling area.
- 92171**: A small connector or fitting.
- 92192F**: A long hose connecting the fuel line to the cowling area.

The diagram includes a **FRONT** arrow pointing left and a circled **A** indicating a specific assembly point.
