Let the Good Times Roll®

Exploded view diagram of a vehicle suspension component assembly. The diagram shows the following parts and their assembly sequence:

- 18088**: Main suspension arm.
- 92015**: Two small circular components (possibly bushings or washers) that attach to the front of the arm.
- 11061**: A circular component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 49107**: A bracket or plate that attaches to the side of the arm.
- 411**: Two small circular components (possibly bushings or washers) that attach to the bracket.
- 461**: Two small circular components (possibly bushings or washers) that attach to the bracket.
- 92151**: Two small circular components (possibly bushings or washers) that attach to the bracket.
- 11061A**: A circular component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 92173**: A small component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 18100**: A cylindrical component (possibly a shock absorber or coil spring) that attaches to the bottom of the arm.
- 92154**: A small component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 92027**: A small component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 92151A**: Two small circular components (possibly bushings or washers) that attach to the bottom of the arm.
- 92160**: A small component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 132**: A small component (possibly a bushing or washer) that attaches to the bottom of the arm.
- 31064**: A long cylindrical component (possibly a shock absorber or coil spring) that attaches to the bottom of the arm.
- 18046**: A cylindrical component (possibly a shock absorber or coil spring) that attaches to the bottom of the arm.

The diagram also includes a "Ref. Frame" label and a "FRONT" arrow indicating the orientation of the assembly.

2011 KX™ 250F
