

Optional Parts(Drive Converter)

(Ref. Drive Converter)

This exploded view diagram illustrates the assembly of a drive converter. The components are arranged in a sequence from left to right, showing their relative positions and how they fit together. The parts are labeled with the following part numbers:

- 39152**: A small, L-shaped bracket or pin.
- 92026**: A small, cylindrical component, likely a bush or spacer.
- 92026A**: A larger, cylindrical component, possibly a bearing or a sleeve.
- 92026**: A small, cylindrical component, likely a bush or spacer.

The diagram shows a large, circular, flange-like component in the center, which is the main body of the drive converter. To its left is a smaller, circular component with a textured, gear-like surface. To its right is a complex, multi-ported component, likely the drive converter housing or a related part. The exploded view shows the assembly sequence, with dashed lines indicating the alignment of the parts.
